1000 trees take 10 per cent discount from 100 rate
Ask for special prices on large quantities.

The quantity rate on orders for less than 100 fruit trees applies on total number of trees of a class, not on total number ordered of different classes. Example-6 apple, 4 peach, 2 pear, do not take the "dozen" rate, but "each" rate; or 25 apple, 25 pear, take "25" rate not "50" rate, etc.,

However all trees in an order take the same rate as the highest number of any one item. Example 12 apple, 2 cherry, 1 peach, the peach and cherry take dozen rate same as the apple; of 100 pear. 2 cherry, 1 peach, the cherry and peach take the 100 rate same as pear.

The quantity rate on orders of 100 FRUIT TREES OR MORE, applies to a total number of all trees in the order.
