INDEX TO VOLUME 3

SUBJECT INDEX

- Abbott's formula, effectiveness of insecticide, 302
 Acquired immune deficiency syndrome, mosquito control and (Letter), 90
 Adult emergence, origin and movement of gas during, *Aedes aegypti*, 429
 Advertisers, index to, XXVI (1), XXVI (2), XXIX (3), XXVII (4)
Aedes aegypti
 acquisition of *Plagiorchis noblei*, factors affecting, 607
 adult emergence, origin and movement of gas during, 429
 emergency spraying, arboviral epidemic prevention, 125
 larva
 bioassay for toxicity of suspended particles, 187
 susceptibility to cercarial infection, 193
 pupae, behavior in resting site selection, 65
Aedes albopictus
 breeding, used tires, 494
 carboxylesterase loci in, genetic studies, 137
 Chicago, 657
 geographic strains
 variation of vector competence for dengue 1 virus, 378
 vector competence, Ross River virus, 142
 northern limits of distribution, North America, 314
 vector competence of, dengue serotypes 1 to 4, yellow fever, and Ross River viruses, 460
Aedes, Anopheles, larva, susceptibility to cercarial infection, 193
Aedes circumluteolus, adult, Northern Kwazulu, South Africa, 131
Aedes communis, pupae, radionuclides in, Sweden, 329
Aedes hendersoni
 isolation of *Ascogregarina* sp. from, 646
 occurrence and ovitrap site preference, Eastern Kentucky, 42
Aedes polynesiensis, geographic strains, vector competence, Ross River virus, 142
Aedes purpureipes, occurrence, lower Colorado River, 312
Aedes scutellaris, hybridization, female mortality and, 181
Aedes sollicitans, field populations, adult body size and parity, 636
Aedes taeniorhynchus
 adult, toxicity of malathion diluted with heavy aromatic naphtha, 87
 field populations, adult body size and parity, 636
 larva, Arosurf MSF water-base suspensions, 638
Aedes triseriatus
 different instars of, particle sizes, 94
 occurrence and ovitrap site preference, Eastern Kentucky, 42
 oviposition behavior and biting patterns, flood plains, Texas, 397
 pupae of, behavior in resting site selection, 65
 Agency for International Development, world-wide malaria control programs, 489
 A List of Mosquito Species in Southeast Asia (Book Review), 662
 Annual Review of Entomology (Book Review), 339
Anopheles, larva, *Bacillus thuringiensis* var. *israelensis*, 583
Anopheles albimanus, efficacy of Arosurf MSF, 485
Anopheles barberi, free mating colony, 502
Anopheles crucians
 distribution, rice field habitats, Louisiana, 574
 field populations, adult body size and parity, 636
 male, mite-infested, 107
Anopheles darlingi, behavior, Brazil, 433
Anopheles farauti, sibling species, larval salinity tolerances of, 589
Anopheles gambiae s.l., efficacy of bacterial pathogens against, Ouagadougou, Burkina Faso, 20
Anopheles indefinitus, malaria, Guam, 259
Anopheles maculatus, morphological differentiation, Thailand, 148
Anopheles quadrimaculatus
 distribution, rice field habitats, Louisiana, 574
 sampling and distribution, rice fields, 611
 Species A
 genetic sexing strain, 50
 ovarian nurse cell polytene chromosomes of, 222
Anopheles sergentii, adult life table parameters, laboratory rearing and, Egypt, 267
 Anopheline mosquitoes, natural populations of, monandry, 481
 Anophelines of India (Book Review), 338
 Anopheline vectors, human malaria parasites, Peru, 418
 Anti-juvenile hormone, benzyl-1,3-benzodioxole compounds for, *Culex pipiens*, 15
 Arboviral epidemic, strategies for emergency control, 125
Armigeres subalbatus, orange pupa and phosphoglucosylase inheritance in, 642
 Arosurf MSF
 efficacy, against *Anopheles albimanus*, 485
 water-base suspensions, water quality effects, 638
 Arthropod repellents, controlled-release personal use of, permethrin-impregnated clothing and, 556
Ascogregarina sp., isolation, *Aedes hendersoni*, 646
 Association News, minutes of 1987 Annual Meeting, 516
 Autogeny in *Culex tarsalis*, 619
Bacillus sphaericus
 against *Anopheles gambiae* s.l. and *Culex quinquefasciatus*, Ouagadougou, Burkina Faso, 20
 control of *Culex pipiens* and floodwater *Aedes* larvae, Iowa, 579
Bacillus thuringiensis var. *israelensis*
 against *Anopheles gambiae* s.l. and *Culex quinquefasciatus*, Ouagadougou, Burkina Faso, 20
 against *Anopheles* larvae, 583
 Arosurf MSF, 485
 control of *Culex pipiens* and floodwater *Aedes* larvae, Iowa, 579
 sustained release formulation, control of *Coquillettidia perturbans*, Indiana, 97
 Benzoylphenylurea, laboratory toxicity of, mosquitoes and chironomid midges, 309
 Benzyl-1,3-benzodioxole compounds, anti-juvenile hormone activity and, *Culex pipiens*, 15
 Bionomic study, adult *Aedes circumluteolus*, Northern Kwazulu, South Africa, 131
 Biting patterns, oviposition behavior and, *Aedes triseriatus*, flood plains, Texas, 397

- Bladderwort plant, predator of *Culex pipiens*, 504
- Book Reviews, 338, 530, 662
- Breeding habitats, aquatic invertebrates in, fenoxycarb effects, 476
- Cage, small aquatic animals, field studies, 109
- Calcium alginate, encapsulation of *Lagenidium giganteum* in, 450
- Carbon dioxide, attractiveness to *Hybomitra* spp., 655
- Carboxylesterase, two loci, *Aedes albopictus*, genetic studies, 137
- Cattle density, larval density and, *Psorophora columbiae*, 633
- CDC gravid mosquito trap, revised version, 325
- Chironomidae
- benzoylphenylurea toxicity, 309
 - control, Japan, 45
- Chironomus yoshimatsui*, control, Japan, 45
- Classic Paper, Abbott's formula, 302
- Collection records, Michigan, 318
- Colony maintenance, electrically heated membrane • blood-feeding device, 322
- Construction sites, foci for *Culex*, urban Northern Illinois, 26
- Container-breeding mosquitoes, used tire trade and, 494
- Control district
- mosquito abatement, economic assessment, Texas, 8
 - mosquito problems, public's view, Texas, 1
- Copepods, habitat associations, 593
- Coquillettidia perturbans*
- Cq. perturbans* and methoprene for control of, Indiana, 97
 - habitat, Florida, 176
 - Northern Indiana strain, oral transmission of eastern equine encephalomyelitis virus, 102
- Crawfish, dose-mortality response, selected pesticides, 407
- Culex*, five methods of sampling, urban area, San Francisco, 601
- Culex erraticus*, infected, bite transmission of *Plasmodium floridense*, 165
- Culex fuscanus*, seasonal appearance, size of egg rafts and, Japan, 403
- Culex halifaxii*, seasonal appearance, size of egg rafts and, Japan, 403
- Culex pipiens*
- anti-juvenile hormone activity in, benzyl-1,3-benzodioxole compounds for, 15
 - bladderwort plant as a predator, 504
 - control by *Bacillus thuringiensis* var. *israelensis*, Iowa, 574
 - highly polluted larval habitats, Sweden, 276
 - urban, construction sites as foci for, Northern Illinois, 26
- Culex quinquefasciatus*
- efficacy of bacterial pathogens against, Ouagadougou, Burkina Faso, 20
 - emergency spraying, arboviral epidemic prevention, 125
 - marking with fluorescent pigment, 400
 - population dynamics of, stagnant water pools, 442
 - preferential elimination of females, genetic sexing system for, 84
- Culex restuans*
- pupae, behavior in resting site selection, 65
 - urban, construction sites as foci for, Northern Illinois, 26
- Culex tarsalis*
- assortive mating between strains, different environments, 304
 - esterases and organophosphate, genetic association between, 473
 - studies in autogeny, 619
- Culicoides furens*, naled applied as a thermal fog against, 387
- Culicoides nubeculosus*, isozyme analysis, 360
- Culicoides variipennis*
- Heleidomeris* sp. infected, Alabama, 332
 - seasonal size variability, southern California, 512
- Culiseta inornata*, host preference, Southwestern Manitoba, 219
- Culiseta melanura*, equine encephalomyelitis virus in, enzyme immunoassay, 412
- Deet, effectiveness, skin and clothing protection, Australia, 648
- Dengue serotype 1, competence, *Aedes albopictus*, 378
- Dengue serotype 1 to 4, vector competence of *Aedes albopictus*, 460
- Dorer, Rowland E. (Obituary), 534
- Dose-mortality response, selected pesticides, crawfish and mosquitoes, 407
- Economics, mosquito abatement and, organized control district, Texas, 8
- Editorial Acknowledgments, 115
- Egg rafts, seasonal appearance and, *Culex halifaxii* and *Culex fuscanus*, Japan, 403
- Encephalitis, mosquito-borne, Colorado River, 100
- Entomopathogenic hyphomycete fungus, studies on bioassay, mosquitoes, 561
- Enzyme immunoassay, equine encephalomyelitis virus, pools of *Culiseta melanura*, 412
- Equine encephalomyelitis virus
- oral transmission, Northern Indiana strain of *Cq. perturbans*, 102
 - pools of *Culiseta melanura*, enzyme immunoassay for, 412
- Esterase
- highly active, genetic association with organophosphate resistance, *Culex tarsalis*, 473
 - loci, *Aedes albopictus*, genetic studies, 137
- Fenoxycarb
- efficacy, against *Psorophora columbiae*, Arkansas rice fields, 616
 - impact on aquatic invertebrates, 476
- Fenthion, aerial application of thermal fog, pink shrimp, mysids, and sheepshead minnows, 467
- Field trials
- Lagenidium giganteum*, ground and aerial applications, California, 59
 - small aquatic animals, cages for, 109
- Flight barrier, distribution around, female mosquitoes, 369
- Fluorescent pigment, marking of adult mosquitoes, 400
- Gambusia affinis*
- comparative larvivoracious performances, experimental paddies, 35
 - evaluation, mosquito control agent, California rice fields, 626
- Genetic sexing strain
- Anopheles quadrimaculatus*, Species A, 50
 - preferential elimination of females, *Culex*, 84

- Handbook of Insect Rearing (Book Review), 339
- Heavy aromatic naphtha, malathion diluted with, toxicity of, adult *Aedes taeniorhynchus*, 87
- Heleidomormis* sp., infected *Culicoides*, 332
- Highlights of Contract Mosquito Control Research (Book Review), 662
- Host records, Penang Island, Malaysia, 306
- Host-seeking behavior, *Anopheles darlingi*, Brazil, 433
- House-frequenting behavior, *Anopheles darlingi*, Brazil, 433
- Hughes, John R., (Obituary), 342
- Hybomitra* spp., carbon dioxide attractiveness to, 655
- Hybridization
barriers, *Aedes scutellaris* complex, 181
morphological differentiation, *Anopheles maculatus*, Thailand, 148
- Hyphomycete, entomopathogenic, preliminary field trials, Central Alberta, 239
- Impoundments, wastewater, mosquitoes and, Florida, 74
- Inland silverside, evaluation, mosquito control agent, California rice fields, 626
- Insecticide, effectiveness, Abbott's formula, 302
- Iranian Culicinae, distribution and larval habitat, 568
- Laboratory rearing, *Anopheles sergentii*, 266
- Lagenidium giganteum*
encapsulation of, 450
ground and aerial applications, mosquito control, California, 59
infection, *Culex* larvae, temperature and water quality effects, North Carolina, 211
population dynamics of, stagnant water pools, 442
- Larvae
Aedes
cercarial infection, 193
control by *Bacillus thuringiensis* var. *israelensis* Iowa, 574
Anopheles, *Bacillus thuringiensis* var. *israelensis*, 583
Culex, infection, temperature and water quality effects, North Carolina, 211
facultative fungal parasite of, ground and aerial applications, California, 59
habitat
concentrated ditch water, 54
highly polluted, *Culex pipiens*, Sweden, 276
Iranian Culicinae, 568
sampler, 514
mortality, microsporidian pathogen effects, artificial field conditions, 91
neonate, alternative bioassay for toxicity of suspended particles, 187
- Psorophora columbiae*
density, Louisiana rice fields, cattle density and, 633
sequential sampling in rice fields, 423
salinity tolerances, sibling species of *Anopheles farauti*, 589
- Larvicides
control of *Simulium damnosum*, West Africa, 201
polycyclic aromatic compounds, 246
- Life table parameters, laboratory rearing and, *Anopheles sergentii*, Egypt, 267
- Light traps, New Jersey, mosquito surveillance, Indian reservation in Nebraska and South Dakota, 70
- Literature references to mosquitoes and mosquito-borne diseases

- Mosquitofish
 comparative larvivoracious performances, experimental paddies, 35
 evaluation, mosquito control agent, California rice fields, 626
- Naled, applied as a thermal fog, against *Culicoides furens*, 387
- News and Notes, 111, 333, 527, 658
- Obituaries, 342, 531
- Orange pupa, inheritance, *Armigeres subalbatus*, 642
- Organophosphate, genetic association, esterases, *Culex tarsalis*, 473
- Orthodon microlepidotus*, comparative larvivoracious performances, experimental paddies, 35
- Ovarian nurse cell polytene chromosomes, *Anopheles quadrimaculatus*, Species A, 222
- Oviposition behavior
 biting patterns and, *Aedes triseriatus*, flood plains, Texas, 397
Psorophora columbiae, soybean fields of Texas rice-land agroecosystem, 251
Toxorhynchites moctezuma, Trinidad, 319
Toxorhynchites theobaldi, artificial containers, Mexico, 651
- Ovitrap study, tree hole mosquitoes, Eastern Kentucky, 42
- Parasites
 malaria, anopheline vectors for, Peru, 418
 mosquito, field incidence, Central Alberta, 231
- Pathogens
 mosquito, field incidence, Central Alberta, 231
 recent records, Penang Island, Malaysia, 306
- Permethrin
 clothing impregnated with, arthropod repellents and, 556
 effectiveness, skin and clothing protection, Australia, 648
- Pesticides
 dose-mortality response to, crawfish and mosquitoes, 407
 rust on truck beds, 515
- Phosphoglucosmutase, inheritance, *Armigeres subalbatus*, 642
- Phytoplankton, mosquito-indigestible, potential, 105
- Phytotoxic larvicides, polycyclic aromatic compounds, 246
- Plagiorchis noblei*
 factors affecting acquisition, *Aedes aegypti*, 607
 larval infection, *Aedes aegypti* and *Anopheles*, 193
- Plasmodium floridense*, experimental transmission, bites of infected *Culex erraticus*, 165
- Plasmodium mexicanum*, experimental transmission, bites of infected *Lutzomyia vexator*, 154
- Polycyclic aromatic compounds, as phytotoxic mosquito larvicides, 246
- Presidential Address: Mosquitoes and the quality of life, 357
- Psorophora columbiae*
 efficacy of fenoxycarb against, Arkansas rice fields, 616
 larval density, Louisiana rice fields, cattle density and, 633
 oviposition habitats, soybean fields of Texas rice-land agroecosystem, 251
 sequential sampling of larvae, rice fields, 423
- Public opinion, mosquito control, Texas, 1
- Pupae, resting site selection, behavioral mechanism, 65
- Radionuclides, *Aedes communis* pupae, Sweden, 329
- Repellants, evaluation in field, 556, 648
- Resting behavior, *Anopheles darlingi*, Brazil, 433
- Ross River virus
 vector competence of *Aedes albopictus*, 460
 vector competence of *Aedes*, 142
