

ASSOCIATION NEWS

ANNUAL MEETING IN ATLANTIC CITY, NEW JERSEY

The 1975 annual meeting of the Association will be held at the Haddon Hall Hotel, Atlantic City, New Jersey, March 11-14. The meeting will be held jointly with the New Jersey Mosquito Control Association. This will be the 62nd annual meeting for our hosts and the 31st annual meeting for the American Mosquito Control Association.

The New Jersey Association has been the host for the annual meeting on 10 previous occasions, and they have all been outstandingly successful. All signs, to date, indicate that the 1975 meeting will exceed the high standards that have been established. The Program Committee has been working for months, developing a stimulating program that will contain items of interest and value for every member of the Association. The New Jersey

hosts are famous for their hospitality, and conviviality will not be neglected.

These are dynamic and rapidly changing times for mosquito control. The 1975 annual meeting offers the valuable opportunity for all mosquito workers to learn of new developments in all aspects of their work, to learn how to cope with the U. S. Environmental Protection Agency pesticide regulations, to learn about the future of biological control in mosquito abatement, and many other vital topics. Of course the occasion will provide the opportunity to visit old friends and make new ones, to exchange ideas and share experiences.

The 1975 annual meeting of the Association is a "must." Every member is urged to attend and make it the most successful meeting on record. See you in Atlantic City.—Robert M. Altman.
