## DIRECTORY OF MOSQUITO CONTROL AGENCIES IN THE UNITED STATES AND CANADA

The 32-page directory listing 533 organizations having an aggregate budget of nearly \$70 million, employing 3218 people, and operating 4200 vehicles, is now for sale. The booklet was compiled for AMCA as a volunteer project by Gilbert L. Challet, Manager, Orange County (California) Mosquito Abatement District and his staff with the help of John Marieneau of ICI United States, Inc. The directory should be of immense value to suppliers of equipment and materials, to operating agencies, to scientific and market researchers and to communities searching for solutions to mosquito control problems. The price of the booklet is \$10.00. If airmail is wanted, add \$1.00 in U.S. and Canada, \$2.00 in other countries. Order from:

Mr. Thomas D. Mulhern  
Executive Director, AMCA  
5545 East Shields Avenue  
Fresno, CA 93727, USA
