M. G. K. INSECTICIDES of Recognized Quality

PYRETHRUM PRODUCTS—M.G.K. Pyrethrum Products of the highest quality such as Pyroicide * 20, Pyroicide 40, Pyroicide 175, Pyroicide Dust, Powdered Pyrethrum Flowers etc., set the quality standards for the industry. Full information furnished on request.

MULTICIDE * (DDT) PRODUCTS—M.G.K. Multicides are carefully formulated concentrates with DDT content ranging from 17% to 50% to meet the needs of the industry. Write for details.

"Dry Pyroicide" and "Dry Multicide" are sold to manufacturers who are licensed to use the well known trade marks "Pyroicide Dust" and "Multicide" for Dusts and Sprays, on the finished products made therefrom.

This franchise is extremely valuable to local manufacturers. If you are interested in manufacturing dust insecticides you should investigate the "Pyroicide . . . Multicide" program.
