Annual Meeting and Kallam Garden Dedication

The Kallam Garden, designed by Landscape Architect Shirley Kerins, was dedicated Wednesday, June 5 at the Annual meeting of the California Arboretum Foundation.

The garden is one of the few perennial gardens in Southern California and is designed not only for beauty, but also as a teaching garden for the home gardener. Perennial plants are grouped according to color to create a rainbow effect and to give constant color areas throughout the year.

Home gardeners can use this garden to adapt information to their own garden, to learn the size and shape of the fully grown plants, and to observe the color and size of the flowers which can be used for cutting.

Foundation president Richard A. Grant, Jr. and Shirley Kerins ASLA in the Arboretum's new Kallam Garden.

Richard Grant, President of the CAF and Barbara Cohen, daughter of Grace Kallam, officially dedicated the garden to the memory of Mrs. Kallam. Mrs. Kallam was instrumental in developing and hybridizing irises and other perennials in Southern California.

Members who attended the meeting had an opportunity to ask questions of Mrs. Kerins and were given a plant featured in the garden.
