

10 Southwell Gardens London SW 19 June

Received yesterday your parcel of plants
& will not lose a post in thanking you most
heartily - They are in every way precious
additions to my Herb - especially coming
from you - & souvenirs of your Mexican tour.
I did not know that you had been to
Orizaba - How very rich that district
must be - I had a pretty good set from
there collected by a German F. Mueller
who ~~died~~ - I believe was killed - in
Mexico - I don't think there are more
than three or four of the same species
that you have sent - The Compositae
were named by Sch. Bip. but I believe
never published - at least I have never
ascertained where they are to be found except
in Herbaria - impudicus in his own
Herb. now belonging to Coppel

Pray thank Mr S Watson for the
new part of his Contributions received
yesterday - I shall write before
we start for the Alps

yours ever JHS
