Orono, Me., July 15 1890

Mr. Lorenzo Watson,

Dear Sir:

I send with this
a plant which I should like identified.
I call it *Matricaria discoidea*, DC.
It is very abundant at one point on
Main St. of this town.

If you will let me know if I have
named it correctly I shall consider
it a great favor.

I have specimens of *M. inodora*, L.?
now in press.

This species is comparatively scarce
in a field in town growing with
Anthemis arvensis, L.

As soon as they are dry I will send one
to you, if you will be so good as to name

Merritt L. Fernald.
