C. F. MILLSPAUGH, M. D.,  
BOTANIST AND MICROSCOPIST.

Morgantown, W. Va. July. 27. 91

Dear Sir:-

I am preparing to publish this coming winter as complete a preliminary list of the Flora of West Virginia as possible. Can you assist me in giving me such bibliography as you conveniently can upon publications concerning the Flora of this region and the names of such Botanists as you can recall who have worked here.

In the Manual you credit W. Va. with *Asclepias flava*, Ait.; var. *purpurascens*, Gray. to whom should I credit the species in this State?

Should it be necessary to put an assistant or clerk upon the references, I would willingly pay for the time thus expended in my behalf.

Hoping that you can help me out in this matter I remain

Yours Very Sincerely  
C. F. Millspaugh
