

Ebenezer near Buffalo Febr. 11th 1851

Mr. Isaac Sprague Jr.

Dear Sir: I received your esteemed favour and the package. I engraved the plate 40 again by your advise and it stands correct now. My charge will be only \$2 although it was very difficult to engrave particularly the fruit. I forwarded by Rail-Road Freight Line a box containing the following numbers of Plates coloured viz. 390 of Pl. 3

390			
139	139	" 4	x
50	50	" 35	x
100	100	" 46	
100	100	" 50	
174	175	" 31	x
174	175	" 30	
100	100	" 49	
50-39 50-47	100	<u>100</u>	" 39

in all 132 of plates. -

And you will please find the bill enclosed herewith. As to plates 25 I will make the shades in the fruits behind the leaf more light. Pl. 20 I can also improve and colour the flowers more bright, which I hope will render them to your satisfaction. - You mentioned also in your letter of avoiding the creases on the plates. I have to say, that this happened generally by glueing and pressing the paper. Glueing is a very troublesome and dangerous work and takes considerable time, therefore I would prefer it much if you would please to use such a kind of glued paper as I enclosed

over

half a sheet in the box as a sample. I paid 9 Dollars
for a ream at New York and this colors very well.

About the prizes for colouring the different plates I have
raised, of Plate 46-39-3 and 20 to 10 Cts per plate and Pl. 30
to 12 Cts. this enables me to do them so much better and with
more care.

The report you gave me of Dr. Gray fills me with sorrow
and I hope to the Lord that he will give him soon his health
again and bring him back to his native country.

Yours Respectfully

Jos. Prestele
