

A. Gray - will you please let me know your decision concerning it. I enclose a few sketches of spikelets from specimens of *P. capillare*, which I must ask you to return.

I must thank you for your paper entitled "Contributions to American Botany," received some time since. Do you intend carrying the work through the *Gramineae*?

Yours very truly,
L. L. Scribner.

Prof. Sereno Watson.

Dear Sir:-

Following Dr. Watson's revision of the *Ord.* I am at a loss where to place *Calamagrostis brevifolia*. Can you give me any opinion on the subject? They belong to *Dryensis*, as a prolongation of the race for the same reason as from their habit - they are from *Annemophila*. Do you species of *Annemophila* which are confined to North America. I at first thought they were confined to North America. Two grasses above mentioned
