

UNIVERSITY OF PENNSYLVANIA,  
DEPARTMENT OF BIOLOGY.

Philadelphia, Nov 26<sup>th</sup> 1887

Dear Dr. Watson

Excuse the delay  
in sending back the pamphlet  
which you now have in your  
hands - In moving it - got packed  
up with other things - but was  
safe. I sent to Florida for  
most of the small species  
of Tillandsia - The cedar  
tree on which I got the  
first - had been cut down

and so the person whom I sent  
8 miles into a forest after him  
was not sure of the same plant.  
I sent you the result some  
time ago — What do you think of  
them? — I am doing some  
work on the scales & seeds &  
hope the plant is a new  
species — I may be able to send

far better specimens later

Very sincerely yours

W. P. Wilson
