

Davenport April 2<sup>d</sup> 1863

My Dear Dr Gray

I have your  
letter of Mch 26<sup>th</sup>

yesterday. I wish, as per advise  
I drew on you for \$130,  
payable by CW Loring

So you have heard from the  
seeds. not very encouraging  
but as I have not been very  
sanguine. shall not be much  
disappointed. I should still hope  
notwithstanding the "glut" that  
the new things would go off  
and if expenses are not heavy  
and I can get some benefit  
by exchange. may still do  
tolerably well.

I wrote to Gov. Sibley the  
new appointee for Arizona,  
asking him if he wanted a  
naturalist or Physician in  
his staff, who has been in that  
Country. He writes that he  
would like to have me along  
but no vacant berth yet.  
He does not leave till July  
& something may turn up  
in the mean time. I am  
not at all anxious to go  
so far but if I could work  
along so as to get a seasons  
botanizing about those higher  
mts. San Francisco &  
might do well.

I hope you will have  
a good time in May

Sincerely yours

C. L. Parry

PS If I got a chance to send  
you a small parcel by private  
hand will it do to have it  
left at C. W. Loring's or where  
in Boston?
