

Washington, D.C. May 23^d 1870

Looking over Palmer's plants. I find
a splendid lot of flowering specimen of
Parryella from Arizona. So enclose
you a fragment to see whether it is
likely to stand as new gen. - No.
fruiting specimens in collection so
that mine will supplement them
nicely. There are 8 or 10 good specimens.
I also find a few more flowering
branches of Ceanothus.

Yours

P. C. Parry

P.S. just got a nice lot of Arizona plants
from Dr. Smart - still they come !!

Parry, C. C. 1870. "Parry, C. C. May 23, 1870 [2nd item]." *Charles Christopher Parry letters to Asa Gray*
