

Davenport July 3rd 1874

My Dear Dr. Gray. I got your postal card
of July 31st. Before this I expected to
get some matter for Appendix from
Dr. Engelmann but it does not come.
I enclose something received from C. H. Peck
some time ago.

Perhaps it will be as well to postpone
the appendix to a separate number &
get everything made up as you think
best. There will be hardly time to do
it up properly for March No. at the
close of my 3^d article a note may be
added to say that the appendix will appear
in next No.

If you have not yet made up the
parcel to send, i.e. microscope & 2^d C.,
could you add to it to make up a
snug express parcel 25-30 lbs of

Had. pressing paper. a parcel of 30
pounds costs not more than one of 10.
I shall want to start for St George
near 1st April. will go via Denver.
& return to Colorado in Sept. to do
some more collecting for Backlund
Conifer seeds &c &c so that I
am likely to have a busy season

Yours truly

C. C. Perry
