

Davenport Iowa

Jan 28th 1875-

My Dear Dr Gray

I suppose you
are home again. Yesterday I
packed & sent box as per
express receipt (Ch p.) containing
parcel for D.C. another for
Boisie & Maxmung. If
you will be kind enough to see
them safely packed to their
destination. I want to realize
from the W. D.C. \$50. = (the best
set next to yours) Boisie \$30. =
including a partial Wyoming set
Max. \$20. = a fair average
Utah set (\$111. = in all)
The Paris Museum set - a
choice selection containing about
150 sp. most of the new or rare
ones. A set enclosed for
Utah which can be dropped in

Express. I have now only 2
smaller sets left. to dispose of
but some irregular duplicates.
I hear from Johnson who
writes that I was mistaken
in regard to the taller Lycium
202. having blue berries? they
are as you suspected red but
larger than 201. bitter & not
edible (as 201). The species are
sufficiently distinguished with one
this for character

Yours etc

C. C. Parry
