Dec 16th From Albany Mass

My dear Gray

I have just got your letter of
Nov. 26th - Not to lose the
first chance, I write to

say that I will gladly
pay half of the (about)

20 £, & will distribute
copies & loan others in
the agents at Imbress

hands: I will put a few
pamphlets in ^{newspapers} & see
what I can do to get
it noticed in a few
Periodicals. - But I can

a bad man for that, as

I like so retired. —

I must leave somewhere
the consignments of the
to whom the copies are sent

& you can take care

that you to repay

you. — I am heartily

glad of this. But I

fear it will be impossible

to get it known in

England. so as to sell

many. —

If upon reflection you would

not like to go to America

to be considered, I cannot

yourself bound. —

Just to simplify use of

your pamphlet. Birkbeck

London was asking H. G.

what he thought of the

Review in Quarterly, &

H. G.'s answer was

read "All day in the library"

I will write to H. G.

about Mr. Wright's article

but I have no hope, as

H. G. said a good

strong letter to Darwin

Darwin, Charles. 1860. "Darwin, Charles Dec. 11, 1860." *Charles Darwin letters to Asa Gray*
