DOWN,
BECKENHAM, KENT.
RAILWAY STATION
ORPINGTON. S.E.R.

My dear Fritz

I have procured & been reading you
 now 2 lit. of your Test-Book
 (which has been greatly developed since 18 times)
 of Botany, & I find it h. 24, 22,
 a curious account of some
 seedlings. For a better possibility
 of your being able to send me
 a few seeds of the 2 kinds
 which I want most, I have
 written their names down on the
 next page. - I have procured
Delphinium nudicaule for a
 nurseryman. I have attached

attended I must to the museum

the seedlings break through
the ground, & it is for the
first time. I want these
seeds.

I have written a rather big
book, - more in the first - on
the movements of plants, & I
am now just beginning to go
over to Mr. S. for the second time,
which is a horrid bore.

I hope ^{the} you are both
quite well. -

Ever you of mine

Ch. Darwin

He has been working ^{at the} of the end of the last year!

Seeds wanted

Ipomoea leptophylla

Megarrhiza californica
