

New Haven.

March 18. 1880

My dear Watson.

Here is a little more  
copy for you. I fear you  
will have to cook it up  
a little.

Order CXXV. Marsiliaceae -

with only *M. vesicaria*  
and *Pilularia Americana*.

+ CXXVI. Salviniaceae  
with only *Azolla caroliniana*  
will end my task -

But I fear you will  
have to wait till next  
Tuesday for it.

I wrote to Engelm

Eaton

about the Californian  
Invites a month or more  
ago - but have no reply.

So I have copied what  
he said about them in  
1874.

My new Selaginella I have  
had for 25 years - but  
never fairly studied it  
out till yesterday.

I had to put in  
Lycopodiaceae - or people  
would wonder why

It was left out-

Ever truly yours.

J. G. Eaton.
