

Berkeley, Feb. 15. 1883.

Dear Dr. Gray:- Your card about
the Asteromia is just in. The plant
has gone into all the principal herbaria
of this country, & many in Europe
as "A. franserioides, n. sp.". My description
was written out ten and a half years
ago, & is now before me, having been
withheld from the press solely because
you said, in what I felt to have been ~~the~~
~~too great~~ haste "A. discolor," not because
I feared you would still dissent - after having
made a careful comparison. D. L. G.

NOTHING BUT THE ADDRESS CAN BE PLACED ON THIS SIDE.

Dr. H. A. Gray
Cambridge
Massachusetts.
