Dear Dr. Watson:

I know of no such man
as Fritchie of St. Louis.

I am decidedly in favor of the
1-2° proposition, as you have it in
the King's Report. In fact, I was
about asking you the same question,
so we may consider it settled.

In reference to the Umbellifer
paper, I am sorry too, but it can't
be helped and I must seek some
other channel of publication -

Yrs. very truly
John M. Coulter.
