over.

Since writing this, I have come across an allium which I take to be *A. tribracteatum*. The reticulation of bulb coats seems to correspond. Will you please tell me if I am right.

I have a list of over one hundred plants new to Colorado which I wish to have published in the next number of *Zoe*. Would you allow me to have the description of *Atriplex corrugata* to incorporate in the list?

I have a few more which I shall send tomorrow and I shall be greatly obliged if you will tell me whether I am right or not concerning them.

Yours,
A. E.

Eastwood, Alice. 1891. "Eastwood, Alice Nov. 17, 1891 [to S. Watson]." *Asa Gray correspondence*
