

My dear Sir

I am afraid I forgot to answer the query at the end of your last note - about Voy. Sulph. Pottery - There were ^(I think) six parts, ending with an Index but my copy has been bound up then two years - but the last was published very early in 1846 - I regret very much I had no copies to give you except two that I had long previously promised as I should have sent it to you.

I now write chiefly to say that I have sent a parcel addressed to you to the care of Mr Chapman the American bookseller

I know not whether it contains
much that you may not have
already but I have sent what
I thought might have a chance
of being useful if not to yourself
at least to some other herbarium
in America you might like
to contribute to.

Yours very sincerely

George Bentham
