March 5/99

My dear Gray

Many thanks for your letter
of the 20th with the enclosed cheque in
payment for the 5 copies Gen. &c. which
came safe to hand this morning

As to the 2¹/₂ mentioned as you
having overpaid me on a former
acct I find on settling the Liverpool
acct for shipping your box there is
about that amount additional so if
you please we will consider our
accounts as now balanced

We have been making arrangements
for a more regular continuance of
Hothorn tones - It was always impossible

to keep Fitch to time. Now we have
got a young person (Miss Cokerell)
who seems to be doing the plates very
well under Oliver's supervision which
is important for the analyses in which
Fitch was sometimes rather wilful.

The last five parts have been solely
at my charge at a top price of
between £25 and £30 each part, but
as I now hope to get them published
on fixed days twice a year, and rather
cheaper I hope the work may not
cost me so much. I have provided
however for at least two more
volumes - the first part of vol. xiii
will I hope appear on the 1st of May. I
suppose I may send it you by post

at the same rate as before - and as
I intend it to the Columbia College
New York?

I am getting sick of Australian Cyperus
I have done about 300 y. and have at
least 50 more to do

Yours very sincerely
George Deutham
