

Blackford,

Ivy Bridge. Devonshire

Dear Watson,

Card & letter of 8th
received here. I shallbring Villars, 3 specimens - a
duplicate being at Kew.He will about the Styptis, H.
sections being all over warm parts
of the world must be allowed much
variation, and cult. specimens
may not develop quite in normal
fashion. And as to names we
shall always do very well and
not be in each other's way.I do hope, as Goodell's fund
sets on, the Anti-Corruption
may be put on to it, and you
put nominally on to the University
Faculty. Then the Anti-Corruption
may allow us some subsidiary
help, and I, if my own means
will at all hold out, may hope
to do something to attach you to

the continuation of Flora,
and the carrying on ~~with~~
the books which alone bring
in any thing.

A pleasant holiday we
are having, with pleasant
friends here in Devonshire -
not for long. Ever yours

Albany
