

My dear Sirs have
not come to hand.

I shall soon be
writing you from England
on that -

I am going over now
to a meeting of the
Academie des Sciences

Yours sincerely

B. Day

Paris, June 11 1887

My dear Watson

We have now had
a week here, and on
Tuesday next we pro-
pose to return to England.

We are both very well
and happy - except that
my niece and that
your sister was suffer-
ing a good deal, which
we are sorry to hear. Please
kindly remember us.

When I went to Jardin
des Plantes last Monday, I
was told that Bureau had a
letter from you announcing
an envoy of Archives, but
that they had not come, but
yesterday they had not come.

This gives anxiety. Bureau

was to show me your
letter, but he is not yet
done w^r. Before this is off
I hope to learn if you
sent by post registered,
or now. And if directed,
to "Galerie de Botanique".

With this I send the
Attn. of Mr. & Mme. Bille, Soc.
Linnaeana de Paris that
I could get from Baillier,
who did his best for us.
Says all have been sent
to us as published.

I send also a new part
of Baillier's Histoire des Plantes,
which he insisted on giving me.
It will be a duplicate.

I forgot if I asked you
before leaving home, to

have an erratum put
in the 4d. of Proc. Am.
Nat. - making Canad
of the matter about
Sporda acrifolia on
the right - hand page.

If not done, it is now,
no doubt too late.

Monday afternoon 13,
I have been over for
the last time to the
Jardin des Plantes -
Bureau not there
(Sodalis) & I learned
nothing of the nature of
your letter, announcing
the sending of contributions.
