October 29, 1915.

Dear Professor Farlow:

The generous package of miscellaneous cryptogams, the sending of which was announced in your note of October 27, is at hand and we are greatly obliged to you. The algae from Chile, the Murray Islands, etc. I am especially glad to have, and I am sure that the fungi from Mexico, Newfoundland, and elsewhere will be equally appreciated by Doctor Seaver and others.

Very sincerely yours,

Marshall C. Howe
