My Dear Dr:-

I am sending you by express the Cyperaceæ  
of the Boston Soc. Nat. Hist., which I have had here  
for some time, reserving a few sheets to aid in  
straightening out Heleocharis. Also your Guatemalan  
Cyperaceæ of which I have retained two or  
three duplicates. Also your Typha latifolia  
returned with ours from Morong. Also a  
few Cruciferæ which if you are in the humor  
for it, I would be glad to have you determine  
and return with the things you have from  
here at your convenience. Also a few odds

and ends of things for the Herbarium. Please tell me if it is really Lilium Grayii and what the Oreanthus Crucifer is.

Please say to Mrs. Gray that I think I shall be able to send ~~you~~ her the desired letters after a little.

Very Respectfully Yours,  
N. L. Britton.
