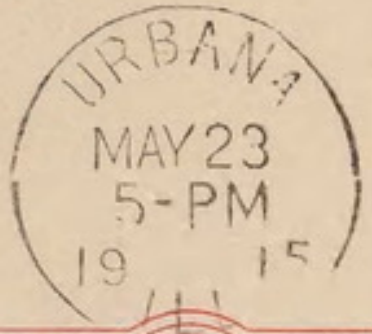
Urbana, 23 May, 1915

Dear Mr. Drane:-

In one of your letters you spoke of being away from Cambridge in June and wondering how I could get a chance to look at your Cross County plants. I now expect to be in Cambridge for a few days from the 18th or 19th of June, with Albert Moore, looking up various points and getting up some loose ends. Do you suppose it would be possible to get permission to have your plants - if they are not too bulky - left in some empty section of the Club Herbarium where we could run them over when we come? We could then put them back in the same place where they might be safe till autumn and your return. This is rather a bother to you, I'm afraid, and perhaps it may not be practicable. But if it is we shall be glad to go over and list them and that will obviate sending them out across larger. I think from your reports that there are some of them new to our lists. - I teach here a Commencement, 16 June. The rest of my family leave 26 May. I am sorry I shall be too late to attend the June meeting of the N.E.B.C. We are all well and one of us is growing rapidly. I'm just packing for Randolph the maps you so kindly sent me. Dr. Tuckerman and I plan various trips, perhaps one to Ithaca. With kindest regards to you and Mrs. Drane. Let me know when you go to the Shore. We shall want to have you over this summer. Sincerely, A.D.P.



THIS SIDE OF CARD IS FOR ADDRESS ONLY

Mr. Walter Dran

29. Brewster Street

Cambridge
