

Reed May 7

Randolph

5 July, 1919

Dear Mr. Drane: —

Just a line to let you know that we
came up here ten days or so ago and have
been busy with lawn, garden, getting our
car into shape, etc. So I haven't done
much botanizing yet. Still I have got Neslia
paniculata as a wild in my garden, and in
a yard near by have got Cynosurus cristatus,
Hypochaeris radicata (apparently new to Coös Co.)
and lots of Arctoxanthum Puelii. I have also

seen one clump of Audropogon scoparius (new
to Randolph).

I reached Boston at 8²⁵ in night and
left at 8³⁰ next morning and so didn't get
out to Cambridge, for which I am sorry. Possi-
bly, I can in the fall.

We just got our car running yesterday and
I hope soon to do more interior collecting. The
weather has been pretty warm, and still is.

Today we shall hope to look in on
Shelburne (so as I abbreviate it in my check list).

This evening we have dinner to Brainerd and
Gorman. The bill rings for dinner so I pay
my bill with many best regards,

A. J. P.

Pease, Arthur Stanley. 1919. "Pease, Arthur Stanley Jul. 5, 1919." *Walter Deane correspondence*
