

1 September, 1921

Dear Mr. Deane: -

Many thanks for sending over the letter of Sept. 7. in which I was greatly interested. I have sent it on to Raw. as you asked. Our day on Canton yesterday was a fine one in every way. Today we have been to Lisbon and home by Sugar Hill, Franconia, Deer Isle, Bretton Woods, and Jefferson Notch - a fine round. Tomorrow a path-clearing excursion; and so it goes. I did a lot of collecting a few days ago in Hillsfield and Dixville; at the former place got some interesting color forms of Impatiens pallida; at the latter found much Diapensia which I had not had any record of from there before. You will find your things all right in the compartment in K.B. 62 on your return to Hurl. Give later on. With best regards, A.J.C.
