

24 February, 1924

Dear W.D.: -

Many thanks for your note about the Tullerian and the prices  
you took. I shall now be able to get it into the book. I am just  
sending back to Dr. Allen the corrected galley for the last of the book  
(except the index), and hope that matters may go rapidly forward now, and the  
work appear before too many new segregations. M.L.F. has given me already  
one hint about Hieracanthus which I think I can get into the paper propo-  
sally, nomenclature can remain up-to-date for but a few instances,  
before it is a back number! M.L.F. has sent an interesting account of  
some of the Gage's finds, as they are working out, and of tentative summer  
plans, with the exception of the Harvard Summer School my summer plans  
are still in some uncertainty, owing to various factors. But with very best  
regards and repeated thanks I remain,  
Hastily,  
S.P.

Curt
