

April 4th 1898

Dear Mr. Deane,

Your letter of the 2nd inst. was duly received but I have not been able to find time for an answer until now. In the meantime I have asked our dealer to send you quotations for mounted maps, and I suppose he has done so before this. We are beginning to think of our coming home now, as the close of the session and the return of spring warn us that the time for summer plans has arrived. We have some month accounts to clear off yet, however, and I suspect April is not the balmy season we usually have. Last night gave us fair notice of this when the mercury dropped to 9°. However, the day is more like it. I shall hope to see you this summer. Cordially yours
W. P. Durbell
