

Department of Agriculture,

Washington, D. C., April 13th, 1885.

Mr Walter Deane

Dear Sir

Yours of the 11th inst is received.

In reply I have to state that the supply of the older Reports of the Department has long been exhausted, and they can now be obtained only as occasionally offered in second hand bookstores, and dealers in antique books &c. The Reports of the Department since its separate organization run back to 1862, previous to that time there was only an Agricultural Bureau connected with the Patent Office, and there were Patent Office Reports (Agricultural) running back to 1852.

Truly Yours
Geo. Vasey
