

New York Botanical Garden,
Bronx Park,
New York City.

June 20th 1902.

My dear Mr. Collins: -

I have been keeping my gals busy
few winter and getting a lot of work done on the
collections. - As a result I have the Jaeger European
duplicates in sets ready to offer for exchange -
I can send you a set of 57 species - if you would
care to have them. I do not think it is a very choice
set - but you may find some species among them that
you will care to have. It is a long time since I have heard from you -
Yours sincerely G. S. Britton.
