Providence, R. I.

My dear Mr. Collins:-

How very kind of you to send me such lovely specimens with such neat labels all mounted and ready to put on the sheets, they are simply charming, so please accept my thanks and let me wish you all success in further study and exploration.

I am hard at work on our West Indian and allied Florida collections, and just now am in a pucker over *Fissidens* and *Macromitrium*. Either *M. mucronifolium* of the manual is not that species or else I have still another species from Florida. I suppose you have not by any chance a specimen of Fitzgerald's collecting in Florida, if you should have I should be greatly pleased to see it.

With many thanks, believe me

Yours sincerely,

Elizabeth G. Britton
