Providence, R. I.

Dear Prof. Collins:-

Yours of January 29th has awaited a chance to pick out duplicates of Philonotis. We are sending 18 specimens of the 11 species and hope they will be welcome. I also want to offer you a set of mosses collected in Maine by Percy Wilson which I have not taken the time to study. Do you want them sent to you?

We leave for Cuba on Saturday, Feb. 18th.

Cordially yours,

Elizabeth G. Britton
