

December 14, 1912.

Miss Ella L. Horr,

12 State Street,

Worcester, Mass.

My dear Miss Horr:-

Am glad to hear of your moss-class and that you are at work on the "local flora." If you will pardon my giving you unsought advice "Do keep a record and specimens of all local mosses !" send duplicates either to the New England Botanical Club or to J. F. Collins, 468 Hope Street, Providence, Rhode Island, who has a card catalogue of all New England mosses. You may and probably will, add some extensions of ranges, variations or rare species to his list !

Sincerely yours,

Prof. J. F. Collins J.C.

I hope you approve of  
this! Perhaps they already have done so?  
At any rate - they might better do it. I put  
in record - true to do as the Worcester Club in  
Boston did! Sincerely yours - Elizabeth G. Britton
