

- 1 *Mollia viridula stenocarpa* (Muell.)
- 2 *Barbula unguiculata lanceolata* (Bedw.)  
" " *stricta* (Bedw.)
- 3 *Astrophyllum cuspidatum elatum* (Br. & Sch.)
- 4 *Amblystegium irriguum spinifolium* (Schimp.)

Are these new names of Mrs. E. G. Britton in  
Porter, Cat. Bryophytæ & Pteridophytæ Pa. 1904?

1. *Mensis minima* v. *steueri* Bryol. Germ. II. 2. p. 45 + 27. (1827)

var of *Sphaerophorus*

4 appears in Schr. Sgrafs <sup>(ed 2)</sup> zur Mus. Germ. 1876. p. 713

April 9, 1911.

My dear Miss Day:-

I have been trying to look up those names in the Cat. Bry. & Pterid. of Pa. I fail to find any trace of the first four names (*Mollia viridula stenocarpa*, *Barbula unguiculata lanceolata*, *Barbula unguiculata stricta*, *Astrophyllum cuspidatum elatum*) except in the Pa. Cat. This may mean that my ~~xxx~~ index is incomplete or it may mean that the names are new.

The last name (*Amblystegium irriguum spinifolium*) appears in the second ~~xx~~ edition of W. P. Shimper's *Synopsis Musc. Europ.* (1876) page 713.

Am sorry that I can not say any more definitely in regard to the first four names.

Very truly yours,

Collins, J. Franklin. 1911. "Collins, James Franklin Apr. 9, 1911 [Collins to Day]." *James Franklin Collins correspondence*
