

9 Brewster St.,
Cambridge Mass.
Sept. 25-1895,

Dear Mr. Collins:

I send you by registered
mail my *Carex* List.

The Additions on the left
hand pages are either new
Species or changes of name,
the sign = pointing to the
Species or variety which
becomes a synonym -

In copying in the List. you
can omit the synonyms, if
you please. There are
kind a few changes to
make, but these can easily
be inserted. For instance
16 e *Baileyi* is not so new,

but I haven't yet touched the
few changes that may have
occurred of late.

You will see I have two
Lists. The Alphabetical List
is the one for reference.

In the Alphab. list I have
not touched varieties.

A single number covers
the species & varieties.

Let me have any questions
you may want to ask.

Very sincerely

Walter Deane
