

WALTER DEANE,
29 BREWSTER STREET,
CAMBRIDGE, MASS.

Feb. 24 1901

Dear Collins.

We'll have to find
out about the *Hieracium*
at the next Club Meeting.
I don't know it.

By the way couldn't you
bring up with the *Rhododendrum*
any so-called New England
Thaspium aureum that you
have. It is without doubt
all *Lizia aurea*. Also, in
Bennett's Cat. is *T. aureum*
atropurpureum. Warwick. Olney.
If you have that specimen
may let me see it. It's the
only N.-Eng. record. Thine
W. Deane

Y. aureum
