

THE INTERVALE FROM THE
PINE GROVE

PHILBROOK FARM

THE VALLEY AND MOUNTAINS
FROM CABOT

July 23 /14.

SHELBYNE, N. H.

Dear brother Collins -

Where are you now? Then man
with 7-league boots! 
I can't compete with you. I leave a very
valued framed picture of our J. F. C.
Hopes - Facts. You may recall
it.

All well here, only I'm sorry to see
the rain coming down this morning
on such a lot of hay in the field.
I've put up 40 sheaves of Panicum boreale
& P. xanthophyllum for Mr. Chase of
Washington. The latter was quite a
find. I went to Randolph last
& dined with A. S. Pease, wife & child and
Dr. Tuckerman, nephew of the famous Edw^t Tuckerman.

Rease is doing fine work on the flora of
Coos County, N.H. Shelburne's in the Co-
de R. Risner writes from Jefferson, N.H. As usual
he is deep in all sorts of things. Mr. R. is Pres. of
the village Improvement Soc., and they, that is Dr. Thos. R.,
are getting up a big concert for it. Noted performers
will act, and a large party grand will be im-
ported for the occasion.

E. L. Rand is at Bear Harbor, Me. J. R. Chamberell at
Derby Line, Vt., Fernald & St. John at P.E. Island.
E. T. was & wife are about returning from England.
Ware is somewhere in Conn.

By the way just send on a card when
you write again those two names. I've mixed
em. so I re-enclore a bit of each marked
1 & 2. I enclose a card. You mention
May 29 as one of the dates. I didn't
come here till June 10. Any way just
the names *Weberia nutans* & *Heratodon purpureus*
against the right numbers on the card
& drop it in the mail.
