

Cambridge. That is just  
an event. Plans uncertain.

Some of us meet this  
evening at the Club House.

to do some Club work  
under Fernald. We can-  
wire more than a  
mountain at present.

Well, you are in a  
warm place - The weather  
has grown cold & chilly  
and this ~~day~~ - the ground  
is covered with snow  
again!

Good luck

Ever Walter Deane

19 NEWBERRY STREET  
CAMBRIDGE, MASS.

April 12/918.

Dear Bro. Collins:

You are awfully good  
to me - Postal Cards  
from No. 1 Shaw Gardens.  
to No. 8 - Yucca Palms,  
near Needles, Cal.  
are before me - I've  
numbered them all,  
and they are a record  
of your trip. It's  
next to travelling -

50 BRISTOL STREET  
CAMBRIDGE, MASS.  
You are certainly having  
a great experience -  
I shall send this line  
to Providence, and it may  
be forwarded -

Here all is as usual.  
York gave a talk last  
Friday on *Spirogyra*,  
referring to you, and  
twice as to names.  
He called the weaker  
of two plants the ♂.  
Rydberg, who was present,

objected and said that  
if that weaker plant had  
happened to come into  
contact with one still  
weaker, it would be the  
♀! It was all very  
interesting -

I keep busy most  
at home - I haven't  
been quite up to the  
mark this winter &  
spring but I can do  
a good deal at home.  
F. Williams has  
sold his place in
