

2 Hill house Ave.,
New Haven, Conn.,
April 23, 1899.

Dear Mr. Collins:-

The drawings of the new
Mt. Washington Gesneria have
been safely received and I am
very glad that you were willing
to make them. I am just for-
warding them to Mrs. Britton
so that she may write an
explanation of the plate for
Rhodora, and I trust that the
publication of the new species
may soon appear. The hepatic
is correctly named.

Very sincerely yours,
Alexander W. Evans.
