

GRAY HERBARIUM OF HARVARD UNIVERSITY,

BOTANIC GARDEN, CAMBRIDGE, MASS.,

Oct. 19, 1898

My dear Collins:

I am thinking of  
proposing Edw. B. Chamberlain for  
non-resident membership in the A.E.B.C.  
Are you willing to second the nomi-  
nation?

Chamberlain is doing  
good careful work on the *Phanerogams*  
and to me he is one of the most  
useful people in Maine. I think  
you met him at Dover, and that  
you have had some correspondence  
with him.

Hall's Webster met  
him this summer at Waterville  
and if you do not feel prepared  
to back him with me, I guess he will.  
Let me know please by return mail.

Sincerely yours  
Dr. L. Fernald.
