

Winona, Minn., March 31, 1899.

My dear Sir: My last summer's trip to N. W. Montana resulted in my finding some interesting snakes, incl. some new to the U. S. and one or two new things. I have 100 or more species in quantity to make six sets, not more. Sixty are now well determined Best, Grout, True, E. G. Britton, Renault and Cardot having aided me, each in their special line; and these are ready to deliver at \$3.⁰⁰ a set. Ten, or so, more species, which are as yet "soaking," when they are determined, subscribers will receive ~~without~~ extra charge. Do you want a set?

Cordially yours, John M. Polzinger.
