

THE PINES, BLUE HILL,  
READVILLE, MASS.

9 April 1903

Dear Collins

I suppose you  
sent me another view  
on the same brook,  
to spur me on by  
showing me the  
possibilities. When  
I look at those two  
pictures I doubt  
"intirely" whether  
my expensive lens  
was needed,  
in fact it seems  
to me as if nothing  
could be any  
better for outdoor  
work than such  
photos.  
The last one is  
most wonderfully  
focused,

Well, I won't be  
Scared & I will keep  
on trying!

I thank you  
very much.

I gathered a remarkable  
fine spec. of *Hypnum*  
*inexponeus* in choice  
fruit last week.
