

Readville, Mass.

8 April 1909.

My dear Collins,

I am very glad to have the handy remembrance from you in the True guide - It appears to be a complete little pocket book & I shall give it a trial before long. I notice on page 22 where you have changed by an ink line the place of the word Cult, you passed the word Robar which I think is a misprint for Robur L. I am glad in a little field book to see a glossary & the family arrangement.

I have not done a  
thing with mosses for  
a long time now but  
have my last years  
collecting of flowering  
plants all in my  
Herbarium. I want  
another R. I. walk  
with you this Spring.

Sincerely yrs

Geo G Kennedy
