

Farmington, Me.,

July 20, 1897

My dear Collins:

Your letter was received yesterday, also the package of specimens. Please accept my thanks for them. They are very interesting and will supplement my collection to quite an extent. I was particularly glad to have some of them for comparison with our Maine plants. They will also aid me in identifying a few of my doubtful plants.

I only wish I had some plants which might

be of some use to you. I  
will keep my eye open for  
Bryophytes on our Saddle-  
back trip. Have just  
arranged for an exchange  
with Parlin of N. Berwick.  
I also received a letter  
from Chamberlain yesterday.  
He is struggling with the  
mosses.

I expect to spend  
Sunday in Phillips, but  
it is a poor region  
botanically.

I hope your vacation  
will be a pleasant one,  
and should be very glad  
to see you here, if possible.

Thanking you again for  
your kindness, I remain  
yours sincerely, C. H. Knowlton

Knowlton, Clarence Hinckley. 1897. "Knowlton, Clarence H. July 20, 1897."
