

Hingham, Mass.

March 19, 1916

Dear Collins:

Are there any herbarium specimens of the plants on the enclosed list, from R.D.? Some of them are presumably out of range, and the waifs are not especially important.

I am working up the Saxifragaceae for the next meeting of the Club, & have the ranges pretty well figured out except R.D.

Sincerely

C. H. Knowlton
